

## Objective

Looking for an internship program in a mechanical engineering company/institute where I could learn under working professional to gain knowledge and improvement of my skills by giving some input to the company/institute.

## Education

**Bachelor of Technology in Mechanical Engineering**  
**Indian Institute of Technology Patna**

**2012-2016 Batch**

Current CPI(Cumulative Performance Index): **7.10**

	Sem. 1	Sem. 2	Sem. 3	Sem. 4	Sem. 5	Sem. 6	Sem. 7	Sem. 8
SPI	7.37	6.64	7.21	7.12				
CPI	7.37	7.02	7.09	7.10				

**All India Secondary School Examination (C.B.S.E.) (Cumulative Grade Point Average: 9.4)**

Kendriya Vidyalaya Ordnance Factory Muradnagar, Ghaziabad

2010

**All India Senior School Examination (C.B.S.E.) (Percentage: 89.4)**

Kendriya Vidyalaya Ordnance Factory Muradnagar, Ghaziabad

2012

## Technical Know How

- **Soft Skills**

Software: Autocad

Programming Languages: C, Java(Object Oriented Programming)

- **Machines**

Conventional Machining: CNC Lathe, CNC Milling, Tool Grinding, Arc and MIG Welding

Non Conventional Machining: Ultrasonic Machining, Wire E.D.M, Laser Machining

## Projects

- Made **Human Powered Three wheeled skate scooter** under Dr. Probir Saha and Dr. S.S. Panda, Department of Mechanical engineering
- Gave presentation on "**Intermediate temperature tribological behavior of carbon nanotube reinforced plasma sprayed aluminum oxide coating**" under Dr. Anup Kumar Keshri, Department of Material Science

## Extra-Curricular Activities/Achievements

- Played Basketball at School level and College level
- Play Chess
