INDIAN INSTITUTE OF TECHNOLOGY PATNA

“

About IIT Patna

Indian Institute of Technology Patna is one of the new IITs established by an Act of the Indian Parliament on August 06, 2008. Nurturing innovation and excellence amongst the student community for the last 13 years, the Indian Institute of Technology (IIT) Patna has been ever-blossoming as an Institute of national importance. The Institute focuses on creating and developing students into leaders and researchers to empower the country with their contributions in various disciplines in the future

The Institute has developed modern facilities that are fully equipped with state-of-the-art facilities (equipment, software, and machines) that are routinely used to train and educate students in the Institute.

**Our Students Excel Both
in Knowledge &
Leadership Skills.**

From the DIRECTOR'S DESK

The Indian Institute of Technology Patna is an autonomous institute of higher education and research in science, engineering, and technology located in Patna, India. It is recognized as an Institute of National Importance by the Government of India. The Indian Institute of Technology Patna, added to the IIT brotherhood in 2008, has grown significantly in more than a decade of successful journey.

In recently released NIRF Ranking, IIT Patna has been ranked 21 among top engineering colleges in the Country.

The Institute has developed modern facilities that are fully equipped with the state-of-the-art facilities (equipment software and machines) that are routinely used to train and educate students. Our mission is to create an ambience in which new innovations and creativity flourishes. The motto of IIT Patna is to provide learning blended with excellence, to create leaders of tomorrow.

IIT Patna has ten departments: Chemical and Biochemical Engineering, Civil & Environmental Engineering, Computer Science & Engineering, Electrical Engineering, Mechanical Engineering, Metallurgical & Materials Engineering, Chemistry, Physics, Mathematics, and Humanities & Social Science departments, which offer BTech, MTech, MSc, and PhD programs.

IIT Patna invites you to the Campus Recruitment Program 2021-22, to offer this batch of graduating students an opportunity to prove themselves and to add value to your organization. We look forward to creating a constructive experience for the recruiters and a step forward in improving our relationship with the industry.

ADDRESS FROM TPC PIC

It is a great pleasure to invite you to the campus placement of the Indian Institute of Technology Patna for the 2021-22 session. We have progressed swiftly in the avenues of research and academics since our inception in 2008. Currently, IIT Patna has 6 engineering departments, 3 science departments, and a Humanities and Social Sciences department. The institute offers B.Tech., M.Tech., M.Sc., and Ph.D. programs. This year, we have a student intake strength of 710 including B.Tech., M.Tech, and M.Sc.; over 650% increase from the initial batch size in 2008. All UG and PG programs have up-to-date content and opportunities for industrial training and research. Our students have taken part and proven their mettle in several national and international events, both technical and cultural. They are active throughout the year in running about a dozen clubs on campus, each focusing on a different issue, ranging from social upliftment of rural areas to robotics and artificial intelligence.

The students and the institute have utilized the challenges posed by lockdowns and virtual learning to our advantage, creating opportunities to enhance our core competencies. Students have taken up remote internships and online courses, in addition to the existing curriculum, as part of the new system. Early on, the institute quickly adapted its facilities and academic requirements to make a smooth transition to digital learning from the conventional physical classes. These efforts are supplemented by the commitment of IIT Patna to the upbringing of well-trained students capable of serving the community. We have established excellent teaching and research laboratories, attracted faculty members with international exposure, provided continuous support to technical, cultural, sports, and literary events, and signed MoUs with industrial and academic collaborators. As an institute of higher education, we yearn to trigger the creativity and intellect of students, along with imparting soft skills such as teamwork and communication.

Dr. Jose V Parambil

Professor in-charge,
Training and Placement Cell, IIT Patna

The Training and Placement Cell of IIT Patna would like to welcome you to visit our campus, physically or virtually, for selecting candidates for placement. We too have upgraded ourselves to cater to the need of conducting the recruitment processes remotely. Towards this, we will assist in the smooth conduct of the recruitment processes, including pre-placement talks, screening tests, interviews, and any other relevant selection processes. We have a dedicated team for supporting you in this.

I humbly request you to consider our students as potential employees of your organization. Feel free to get in touch with us for any clarification and support.

Academic Programmes

— The standard of an educational institute depends on the quality and integrity of its academic work. Academic integrity is a commitment to five fundamental values: Honesty, Trust, Fairness, Respect and Responsibility as defined in a document of ICAI (Int. Center for Academic Integrity 1999). IIT Patna will maintain high standard of academic integrity, while striving for excellence in teaching and research.

Doctorate Ph.D Programme

IIT Patna started Ph.D. programs in engineering, science, and humanities & social sciences departments in July 2009. Students enrolled in Ph.D program in IIT Patna are guided to do high quality research. Relevant departments are equipped with state-of-art research equipment and have access to peer reviewed journals. Ph.D. Supervisors in IIT Patna are committed to mentor research scholars and groom them for successful careers.

IIT Patna publishes Ph.D program advertisement twice a year (in the months of March-April and September-October) on the internet as well as newspaper. Admission in Ph.D program of IIT Patna to all categories of students is granted on the basis of interview/admission test held tentatively in the month of December and May - July every year.

IIT Patna also promotes and encourages interdisciplinary research, in which case two or more departments and centres contribute to innovative and cross-boundary research. Faculty members from various departments, centres and schools across the campus are exploring research areas that must involve extensive interaction of different traditional disciplines.

IIT Patna

Awards & Recognition

- Dr. Manabendra Pathak (ME) was selected for "Academic Excellence" award under the subcategory "Head of the Department" at IEI-FCRIT Excellence Award 2019.
- Mr. Kundan Kumar (Ph.D. scholar, MME) has been awarded with MRSI prize for the best poster in First Indian in year of 2019
- Materials Conclave award (IndMaC) by MRSI (Materials Research Society of India) at IISc Bangalore February 12-15, 2019.
- Mr. Kundan Kumar (MME) got the best poster award in the Interdisciplinary Symposium on Materials Chemistry, ISMC-2018, organized by DAE - BRNS at BARC.
- Dr. Anup Kumar Keshri (MME) has been selected for the short research stay at the University of Kassel, Germany by Alexander von Humboldt Foundation.
- Dr. Rishi Raj (ME) has been selected for prestigious INAE (Indian National Academy of Engineering) Young Engineer award 2018.
- Dr. Rishi Raj (ME) has been selected as the Associate of the Indian Academy of Sciences, 2018.
- Dr. Rishi Raj (2018) Best paper award in 10th Boiling and Condensation Heat Transfer Conference in Japan
- Dr. S.K. Paul has received the early career research grant from SERB(DST), 2018
- Mr. Shashi Prakash and Dr. Subrata Kumar, awarded top-cited author award from IOP Journal of Micromechanics and Microengineering, 2018)
- Murshid Imam has received Bharat Vikas Award in 2018
- Mohd. Kaleem Khan has received Bharat Vikas Award in 2018 by Institute of Self Reliance, Bhubaneswar
- Mr. G.P. Satish, working under Dr. Atul Thakur (ME) and Dr. Subrata Hait (CEE) won the Best Research Presentation Award Runner-up in RACI 2017 at ISI Kolkata.
- Best paper award by Binayak Krishna Swami, M.Tech student for presenting a paper on "Smart commuting with buses on Indian roads" at ITC -2017 (Indian Technology Congress -Industry 4.0) at NIMHANS, Bangalore. (August - 2017)
- A paper by Mr. Siddharth Suman, Dr. M.K. Khan and Dr. M. Pathak got the best paper award in the 5th International Conference on Energy Engineering and Environmental Engineering, 15-16 April 2017, China.
- Mr. Binayak Krishna Swami, M.Tech student won the winner in "Intel Higher Education Challenge -2017" on Cyber-Physical Systems. An innovation challenge Organised by Intel India in association with FICE India at SJBIT, Bangalore.
- Ph.D. student Mr. Satish G.P. won the third best film award in India International Science Film Festival at India International Science Festival- 2017 held at Chennai during 13-16 October, 2017
- Best poster award to Mr. Deepak Kumar Prajapati, a research scholar of the Mechanical Engineering Department in National Tribology Conference (NTC 2016).
- Best paper award to two final year B.Tech. students Mr. Vishal Nagarkoti (ME), and Mr. Omprakash Sahu (ME) in the 6th International and 43rd National Conference on Fluid Mechanics and Fluid Power(FMFP2016).

Student Activities

"Activity and rest are two vital aspects of life. To find a balance in them is a skill in itself. Wisdom is knowing when to have rest, when to have activity, and how much of each to have. Finding them in each other - activity in rest and rest in activity - is the ultimate freedom."

Not Just Another Computer Science Klub! (NJACK)

- As the Computer Science Club of IIT Patna, NJACK aims at improving computer technology and coding culture among the student fraternity of IIT Patna by conducting several workshops, events, and competitions.

Student Council of Mechanical Engineers

- Mechanical Engineering discipline-related activities are overseen by the SCME club in IIT Patna. Since its inception, SCME has been conducting events, lectures, and workshops around the year for the benefit of mechanical engineering students. Many projects on Mechanical engineering, Robotics, Automobiles have been developed by the students of the club.

New Start with new

DEVELOPERS STUDENT CLUB

- Powered by Google Developers, Developer Student Clubs IIT Patna, is a non-profit community that aims to inspire intelligent minds in the field of technology. Opportunities, where developers, designers, and managers work together to carry out real-time projects, are provided.

- Students explore various real-time projects that involving Web dev, ML, Blockchains, IoT. It is open to any student, ranging from novice developers who are just starting to advanced developers who want to further their skills.

Tinkerer's Lab

- Tinkerer's Club is the platform for innovators and idea holders who are provided with the opportunity to convert their creative ideas into engineering products. The students go through an exciting practical experience and spend hours tinkering without any barriers.

AI-NLP-ML Group

- The Artificial Intelligence-Natural Language Processing-Machine Learning (AI-NLP-ML) Group was brought into effect in June 2015. Artificial Intelligence, Machine Learning, and Natural Language Processing are explored via several projects by the B.Tech and M.Tech students, Research scholars, Research engineers, Lexicographers, under the guidance of the Professors of IITP. Several industry-sponsored projects are currently being undertaken.

SPARKONICS

- Advanced technical platforms and a plethora of practical projects are the key aspects of this club. An early hands-on approach with different technical fields like electronics, embedded systems, communications are made accessible to the students. The club also organizes workshops and technical events regularly.

E-Cell

E-cell, IIT Patna is a student-run organization and has been established with the objective of creating, manifesting, and guiding the entrepreneurial spirit in the student community and encouraging them to be successful entrepreneurs. Initiatives like e-week, regular guest lectures by famous entrepreneurs and businessmen, seminars, etc. are undertaken by the E-cell.
<http://www.ecell-iitp.org/>

Cultural Clubs and Social Initiatives.

HoSCA

(House of Socio-Cultural Affairs):
House of Socio-Cultural Affairs, prevalently known as HoSCA promotes a vibrant and eclectic campus experience through organizing multifarious activities pertaining to the cultural events, bringing students from all walks, interests, and ethnicity together in ways that stimulate lifelong learning and community interaction.
House Of Socio-Cultural Affairs (iitp.ac.in)
<https://fb.com/iitp.sociocultural>

Prayatna

Prayatna was started by the students of IIT Patna in 2018 with a motto to provide free basic education up to class X to underprivileged children of villages near the college campus. Students who are a part of Prayatna take out time during the week to teach the young curious minds who wish to learn but are deprived of basic resources, good education being one of them.
<https://nss.iitp.ac.in/prayatna/prayatna.html>

Yavanika

The dramatics club: Yavanika is the dramatics club of IIT Patna which engages interested students in different forms of drama and acting like mono acts, nukkads, stage play, mimes, etc. It is one of the oldest and well-developed clubs of the Institute.
<https://fb.com/yavanika.iitp>

Exousia

The dance club:
Students who are dance enthusiasts and love to make crowds feel the beats with their moves constitute the dance club, Exousia. The club members are enthusiastic performers and actively participate in several events inside as well as outside the campus.
<https://fb.com/DanceClubIITPatna>

Quiz Club

The quiz club is one of the most active clubs of IIT Patna. The quiz club members meet over the weekends for brainstorming sessions and organize events and fun quizzes which showcase their enthusiasm for learning through the club and interactions.
<https://fb.com/QCIITP/>

PiXXeL

PiXXeL is the photography and filmmaking club of IIT Patna. It is a fast-developing club with a well-structured and established team dedicated to exploring new methods of photography and videography, along with teaching these skills to new interested students. PiXXeL plays an important role in capturing moments in almost all the events that take place at IIT Patn
<https://fb.com/pixxeliitp/>

Aria

The music club:
Aria is IIT Patna's music society where like-minded people come together and express themselves through music. Regular jamming sessions and events and competitions keep the club alive all year long.
<https://fb.com/musicclubiitpatna>

SAAR

Students' Association for Alumni Relations (SAAR) plays a crucial role in connecting the Institute and the alumni and maintaining life-long connections between them. The committee works in association with the Institute to create a platform that helps in connecting the former students with their Alma Mater.
<http://saar.iitp.ac.in/> <https://fb.com/QCIITP/>

Festivals @ IIT Patna

Culture is the
widening of the
mind and of
the spirit.

Anwesha:

Anwesha is a 3-day cultural techno-management extravaganza organized every year in spring at IIT Patna. It involves students who work with interest and promote creativity through activities, events, and pronites, thus making it a quest for everyone to experience and enjoy!

<http://www.anwesha.info/>

TEDx

— TEDx IIT Patna is an independently organized TED event at the Institute. It is an attempt to spark deep discussions and connections between the student community. TEDx IIT Patna gives the students of IIT Patna and nearby colleges an opportunity to be a part of interesting and enlightening talks by great personalities.

<https://fb.com/tedxiiitpatna>

Celesta

— Celesta is the techno-management fest of IIT Patna. Every year Celesta is a host to a plethora of events and competitions with active participation from students all over India, especially from the North-East.

<https://celesta.org.in>
<https://fb.com/CelestaIITP/>

Infinito

— Infinito is the annual sports fest of IIT Patna. The three days of the fun-filled and thrilling fest witness huge participation from across the country. The sports infrastructure of IIT Patna serves as a great host for sports enthusiasts.

<https://fb.com/InfinitoIITPatna/>

Apeireon

— Apeireon is the annual coding fest of the CSE department of IIT Patna, where a lot of online events are organized with massive participation from all over the world (1500+). It involves events from different domains of Computer Science and the challenging events are applauded by the programming community worldwide.

<https://apeireon.iitp.ac.in>
<https://fb.com/njack.iitp>

Nebula

— Nebula is the first big event for newcomer students to IIT Patna. It is a freshers' party organized by HoSCA for fun and merriment specifically planned by keeping the welfare of the fresher students in mind.

<https://fb.com/Nebula-IIT-Patna-218670981589517/>

Student Achievements

Students from IIT Patna have been invited for the following esteemed summits/conferences from the present batches:

Achievement

1. OpenPOWER Summit, North America San Diego.
2. KubeCon & CloudNativeCon Europe in Amsterdam
3. Open Source Summit Japan
4. Honeynet Annual conference/workshop, Austria
5. Automotive Linux Summit in Tokyo
6. FOSSASIA Open Tech Summit in Singapore.

Inter IIT Tech Meet

IIT Patna stood overall at 13th position among all IITs in the InterIIT Tech Meet 2021, winning bronze in two highly contested events.

- IIT Patna ranks 1st in India and 13th in Asia in Natural Language Processing as per CS Rankings.
- IIT Patna currently has 6 Masters (top 0.5 - 1% coders worldwide) and 8 Candidate Masters (top 1 - 5% coders worldwide) as rated on Codeforces.
- A team of IIT Patna students won 1st prize in the IEM AI Olympiad 2019.
- Team 'Kisaan Connect' from IIT Patna, won 2nd prize, at the grand finale of Hackathon v2.0 mobile app development contest.
- A student received a \$10000 reward by being selected for the Adobe Women-In-Technology scholarship. Another student got selected for the Women Techmakers Scholarship.
- Sudipta Acharya (Ph.D./CS/13) received "Outstanding Postdoctoral Inbound Award 2019" from Shenzhen University China for excellent research publications in the field of computational Biology and pattern recognition during Ph.D.

- Dr. Debasis Das (Ph.D./CSE/16, Asst. Professor IIT Jodhpur, ex- BITS Pilani) has achieved Early Career Research (ECR) award from Science and Engineering Research Board.
- A student team competed in the Asian College Robotics competition, ABU Robocon, and secured 2nd rank in the first stage and 21st in the second stage and allowed us to compete in the finals at IIT Delhi.
- Tirthankar Ghosal's (Visvesvaraya Ph.D. Fellow) writeup came within the Top 100 AWSAR_DST awards of 2018 in the Ph.D. category where he poured Ph.D. vision and investigations into simplified words.

ACM ICPC

- 'Butterroti', a team from IIT Patna qualified for the ACM-ICPC world final for two years consecutively in the years 2018 and 2019.
- Last year, a total of 8 teams qualified for ACM ICPC Regionals securing their rank under top 300 in India where our top team had the Rank 18. One team qualified for the Asia West finals by having 4th rank in Kharagpur Regionals and then secured the 22nd rank at Asia West Finals.

Placement Procedure

Airways:

Direct and regular flights are available from Patna to most of the major cities including New Delhi, Mumbai, Hyderabad, Bengaluru, Kolkata, Chennai, Lucknow. The Jai Prakash Narayan International Airport is located at a distance of 32 Km from the campus.

Railways :

The Patna Junction is located at a distance of 35 Km. The nearest substation is at a distance of 2 Km. Several trains including Rajdhani Express, Super-Fast Express, Jan Shatabdi Express are accessible via the two stations.

Roadway :

Regular bus services are available from Gandhi Maidan, Patna to the IIT Patna campus. In addition, IIT Patna provides its own bus services for the students, staff, and faculty members on a scheduled basis.

Patna being the destinations of all knowledge, cultural, social, spiritual, trade and political traditions of the ancient times is a prime centre of attraction for the people. Different parts of the country are well connected by various means.
