

2019-2020

भारतीय प्रौद्योगिकी संस्थान पटना INDIAN INSTITUTE OF TECHNOLOGY PATNA

IIT Patna is developing fast and would like to come up as an institute of excellence promoting intelligent, hardworking and technically curious minds.

From the DIRECTOR'S DESK

Indian Institute of Technology Patna is one of the new IITs established by an Act of Parliament in 2008. Though young, the institute has made significant progress in establishing modern facilities for teaching and research. In a decade since inception, we are ranked 22nd among all engineering institutes (out of about 1000 institutes) and 58th overall (out of about 7000 institutes) in the NIRF framework. This underlines the fast-paced development that has taken place in the institute.

Currently, we have ten departments running 5 B.Tech. programs, 9 M.Tech. programs, and 3 M.Sc. programs, in addition to Ph.D. programs in all departments. The student strength has grown steadily from 92, in the first semester of 2008, to around 1600 along with current annual intake of about 300 UG students. We have signed MoUs with several leading international universities and industrial partners to provide rich exposure to our students. Large number of scientists and technologists visit IIT Patna regularly, and we promote exchange programmes with several international institutes. In addition to academics, we also focus on extracurricular activities comprising of cultural, sports, and entrepreneurial events. Through these, we aim to nurture the overall development of our

We are proud to be located in the city of Patna, the capital of the state of Bihar. It was a knowledge centre in the past which attracted both, visitors and scholars from around the world. Some of the legends from the region include Lord Gautam Buddha, Lord Mahavir, Guru Govind Singh, the famous astronomer Aryabhata and the first President of India, Dr. Rajendra Prasad. The permanent campus is located in Bihta, which is about 35 km from the Patna city and airport. Hence, while being well connected to the city, we enjoy the serenity of the agrarian locality.

We train our students in both technical and soft skills to utilize their potential for the benefit of organisations they work for and for the society in general. Placement and industrial internship activities are a key focus of the academic programs. I welcome organizations in India and abroad to come forward and absorb our students. I would also like to invite all prospective trainers and employers to visit IIT Patna and interact with our students and professors and witness the pursuit of excellence in IIT Patna. If interested in making early e-placement/training talks, please let us know the preferred dates. Students have also prepared a booklet to help you understand our academic programmes. I look forward to your wholehearted support and engagement with us.

Prof. Pushpak Bhattacharyya
Director, IIT Patna

Dr. Jose V ParambilProfessor In charge
Training and Placement Cell

ADDRESS FROM TPC PIC

The Indian Institute of Technology Patna has made rapid progress in academic and research realms since its inception in 2008. It is my pleasure to invite you to our campus for recruiting the final year students in the 2019-20 session. We have 6 Engineering departments, namely, Computer Science & Engineering, Electrical Engineering, Mechanical Engineering, Civil & Environmental Engineering, Chemical & Biochemical Engineering, and Materials Science & Engineering along with departments for Physics, Chemistry, Mathematics and Humanities and Social Sciences. The institute offers B.Tech. M.Tech, M.Sc., and Ph.D. programs in these disciplines. All UG and PG programs have up-to-date contents and opportunities for industrial training and research. Our students have taken part and proven their mettle in several national and international events, both technical and cultural. They are active throughout the year in running about a dozen clubs on campus, each focusing on a different issue, ranging from social upliftment of rural areas to robotics and artificial intelligence. The students also organize two annuals events on the campus, Anwesha – an intercollegiate cultural competition and Celesta - a techno-management event.

IIT Patna has committed its resources to the upbringing of well-trained students capable of serving the community. Towards this, we have established excellent teaching and research

laboratories, attracted faculty members with international exposure, provided continuous support to technical, cultural, sports, and literary events, and signed MoUs with industrial and academic collaborators.

As an institute, we yearn to trigger the creativity and intellect of students, along with imparting soft skills such as teamwork and communication.

We expect that our students will work in reputed companies under stimulating and challenging environments. Hence, the Training and Placement Cell of IIT Patna would like to welcome you to visit our campus for selecting candidates for placement. We will provide all possible logistical assistance for the smooth conduct of the recruitment processes, including pre-placement talks, screening tests, interviews, and any other relevant selection processes. We have a dedicated team and facilities for supporting you in this.

I humbly request you to consider our students as potential employees of your organization. Kindly feel free to get in touch with us for any clarification and support.

ABOUT IIT PATNA

Indian Institute of Technology Patna is one of the new IITs established by an Act of the Indian Parliament on August 06, 2008. Completing its ever blossoming 11 year old existence in the country this August, Indian Institute of Technology (IIT) Patna is an institution of national importance nurturing innovation and excellence amongst the student community to develop researchers and leaders and empower the country with their contributions in various disciplines in the future.

Currently, the Institute has developed modern facilities that are fully equipped with the state-of-the-art facilities (equipment software and machines) that are routinely used to train and educate students in the following programs:

B.Tech in five disciplines: Computer Science and Engineering, Electrical Engineering, Mechanical Engineering, Civil Engineering and Chemical Engineering.

M.Tech in multi-disciplinary streams with Nine specializations: Mechatronics, Mathematics & Computing, Nano Science & Technology, Computer Science and Engineering, Communication System Engineering, Mechanical Engineering, Civil and Infrastructure Engineering, Materials Science and Engineering, VLSI & Embedded System.

M.Sc in three disciplines: Chemistry, Physics, and Mathematics.

Budding research scholars are admitted in the Ph.D program of this Institute in all ten (10) departments.

As of August 2018, a cohort of approximately 2,500 people constitute the IITP fraternity, of which around 1,500 are students. Every year, an average of 300 students pass out of the institute which move to serve and lead in renowned research and corporate organizations.

IIT Patna is strategically placed with Bihta railway station, 2 kms away from the main gates. The JNPI International Airport, Patna is about 30 kms by road. On 15th July 2015, IIT Patna moved to its brand-new campus at Bihta, a place about 35 km from Patna. The sprawling 501-acre campus houses four academic complexes for the departments, a classroom complex, tutorial block, students, faculties and staff's residential quarters, hospital, school and an impressive administrative building. The 2015 autumn session in IITP started from the new campus in Bihta.

6 | Indian Institute of Technology, Patna

ACADEMIC PROGRAMMES

BACHELOR OF TECHNOLOGY (B.TECH)

DURATION: 4 YEARS
INTERNSHIP: 2 MONTHS

The B.Tech programme consists of eight semesters spread over the duration of 4 academic years. For students with a financially weak background, merit-cum-means scholarship is provided by the institute on merit

MASTER OF SCIENCE (M.SC)

DURATION: 2 YEARS
PROJECT DURATION: 1 MONTH

The M.Tech programme consists of four semesters spread over the duration of 2 academic years where it has the following disciplines; Mathematics, Physics and Chemistry. Students are admitted to the M.Sc programme through JAM.

MASTER OF TECHNOLOGY (M.TECH)

DURATION: 1 YEAR
THESIS DURATION: 1 YEAR
TEACHING/RESEARCH ASSISTANTS: ARE
ASSOCIATED WITH COURSE INSTRUCTORS OR
RESEARCH PROJECTS.

The M.Tech programme consists of four semesters spread over the duration of 2 academic years. Eight specializations are offered under the programme, namely, Mechatronics, Mathematics & Computing, Nano Science & Technology, Computer Science & Engineering, Communication System Engineering, Mechanical Engineering, Civil & Infrastructure Engineering, Materials Science & Engineering, VLSI & Embedded Systems.

Doctoral Programme

The Ph.D. Program in IIT Patna has started in engineering, science and humanities & social sciences departments since July 2009. Students enrolled in Ph.D program in IIT Patna are guided to do high quality research. Relevant departments are equipped with state-of-art research equipment and have access to peer reviewed journals. Ph.D. Supervisors in IIT Patna are committed to mentor research scholars and groom them for successful careers.

IIT Patna publishes Ph.D program advertisement twice a year (in the months of March-April and September-October) in internet as well as newspaper. Admission in Ph.D program of

IIT Patna to all categories of students is granted on the basis of interview/admission test held tentatively in the month of December and May - July every year.

IIT Patna also promotes and encourages interdisciplinary research, in which case two or more departments and centers contribute to innovative and cross-boundary research. Faculty members from various departments, centers and schools across the campus are exploring research areas that must involve extensive interaction of different traditional disciplines.

ACADEMICS

B.Tech programmes

Computer Science and Engineering

Software labs well equipped with licensed software Hardware lab
Digital design
Computer architecture
Microprocessor interfacing
SAN storage
Interfacing devices
FPGA boards
Logic design trainer kits

Electrical Engineering

Embedded system lab
VLSI lab
Broad communication & networking lab
Communication lab
RF & microwave lab
DSP laboratory
Advanced electrical engineering lab
Electric machines lab
Instrumentation & control lab

Civil Engineering

Structural engineering & concrete technology lab Geotechnical engineering lab Transportation engineering lab Geomatics engineering lab Environmental engineering lab CAD lab

Mechanical Engineering

Heat & mass transfer lab
Robotics & automation lab
Materials testing lab
Dynamics & vibrations lab
Instrumentation & control lab
Advanced manufacturing lab
Metrology lab
Fluid mechanics & machinery lab
Computational fluid dynamics lab
I.C. engine lab

Chemical Engineering

Unit operations & fluid flow lab Heat & mass transfer lab Chemical reaction engineering lab Biochemical lab 10 | Indian Institute of Technology, Patna | Placement Brochure | 11

M.Tech Programmes

Mechatronics

Multi-disciplinary program dealing with the integration of mechanical devices, actuators, sensors, electronics, intelligent controllers and computers.

Computer Science and Engineering

Program is intended to fill an existing gap within the industries and academic institution of trained professionals.

Mathematics & Computing

Program imparts rigorous training in fundamental areas of Computer Sciences and Mathematics.

VLSI Design

Very-large-scale integration (VLSI) is the process of creating an integrated circuit (IC) by combining thousands of transistors into a single chip

Nanoscience and Technology

Study and manipulation of matter properties at sub-micron scale for technological applications in general and challenging applications in particular

Communication System Engineering

Program exposes the students in the field of advanced digital communication, wireless communication etc.

Civil and Infrastructure Engineering

Program is designed to provide indepth knowledge in design, analysis and implementation of solutions for modern day Civil Infrastructure problems

Mechanical Engineering

Program offers core study in Thermofluids stream, Solid Mechanics & Design stream.

Materials Science & Engineering

Program deals in the relationship between the structure, property and processing of materials.

M.Sc Programmes

Mathematics

Mathematics is at the heart of advances in science, engineering and technology, as well as being an indispensable problem-solving and decision-making tool in many other areas of life

Chemistry

The branch of science concerned with the substances of which matter is composed, the investigation of their properties and reactions, and the use of such reactions to form new substances.

Physics

Physics is a natural science that involves the study of the matter and its motion through space time, along the related concepts of the energy and the creation of energies.

Ph.D Programmes

Ph.D is offered in all the major disciplines in Engineering, Science and Humanities. The streams of research in engineering include

- Computer Science and Engineering
- Electrical Engineering
- Mechanical Engineering
- Civil Engineering
- Chemical and Bio-chemical Engineering
- Materials Science & Engineering
- Physics

- Chemistry
- Mathematics
- Humanities and Social Sciences

STUDENT ACTIVITIES

NJACK

NJACK is the Computer Science club of IIT Patna. It is aimed at improving computer technology and coding culture among the student fraternity of IIT Patna by conducting several workshops, events and competitions.

SPARKONICS

The club works to introduce students to advanced technical platforms and provide them with a plethora of practical projects.

Students gain an early hands-on approach with different technical fields like electronics, embedded systems, communications to name a few. The club also organizes workshops and technical events regularly.

E-CLUB

The club was established with a vision to ignite and inculcate the spirit of entrepreneurship among the students, to encourage them to explore the business side of the products they develop.

Regular workshops, lectures are organized that aim to facilitate exchange of knowledge. Guests from the start-up world are invited to share their experiences with the community.

DSC

Developer Student Club trains student developers to work with their communities to solve real-life problems.

Google collaborates with university students who are passionate about growing developer communities and supports them with starting student clubs on their campuses.

12 Indian Institute of Technology, Patna

ACE

The club works to expose the students to advancements in Civil Engineering and provides an environment to achieve milestones in Civil Engineering research. The club organizes programs, workshops, lectures to facilitate exchange of information and informal interaction within the civil engineering community.

CHESSx

Chemical Engineering is a highly open-ended and flexible area of study with branches extending to economics, biotechnology, electronics, policy making and much more. The CHESSx society is aimed at providing the right support to produce the best chemical engineering graduates of tomorrow. It promotes interaction within the department and implements academic, social and other programs of interest to its members.

SCME

SCME was founded with the motive of engaging and encouraging Mechanical Engineering discipline related activities in IIT Patna. Since its inception, SCME has been conducting events, lectures and workshops round the year for the benefit of mechanical engineering students. SCME is proud to have developed many projects on Mechanical engineering, Robotics, Automobiles and many more.

TINKERER'S LAB

This club primarily aims to allow free thinking and practical experience without barriers or having the need to take serious permissions. It caters for enthusiasts and idea holders by converting their creative ideas into engineering products. At tinkerer's lab, one can have limitless hands-on experience and spend hours tinkering without any worries.

Here at IITP, **Sports** are just as important as academic aspirations. Students represent the institute every year in the Inter IIT Sports meet, and other competitions. Experienced coaches help the students reach levels of athleticism, agility, skill and endurance.

House of Socio-Cultural Affairs, prevalently known as HoSCA promotes a vibrant and eclectic campus experience through organizing multifarious activities pertaining to the cultural events, bringing students from all walks, interests, and ethnicity together in ways that stimulate lifelong learning and community interaction.

Anwesha is a 3-day Techno-Cultural extravaganza held every year in spring. It involves student volunteers who work by interest and promote creativity through their organization and organize various fun events and activities, thus making it a quest for everyone to experience and enjoy!

The National Service
Scheme of IIT Patna is an initiative to bring about a change in the Social and Economic forms of the Society.
The Scheme runs with a motive to inculcate social responsibility in the youth who will be tomorrow's work force of the Nation at Institute Level

Celesta is the annual Techno-Management Fest of IIT Patna. Every year Celesta is a host to a plethora of events and competitions with active participation from students all over India, especially from North-East.

PLACEMENT PROCEDURE

The TPC sends invitations to the companies.

Company fills up job announcement forms

Date for preplacement talks is finalized by TPC in consultation with the companies.

Students register for various companies.

Companies' officials conduct preplacement talks.

A Placement Schedule is finalized by the TPC in consultation with the companies.

Placement session begins and company evaluate the students.

List of selected students along with the offer letter is sent to the TPC. Placement session ends.
